

To our SHPA Community:

To our Give to the Max campaign participants -- [both anonymous and named](#) -- we write today to say **thank you!** Give to the Max is one of our two largest fundraisers each year, and because of your contribution, we exceeded our fundraising goal with more than \$8,000 raised. This amount exceeded our fundraising goal by more than thirty percent -- wow! We are humbled and grateful for you and your spirit of community.

Your decision to give will help complete the furnishing of our middle school lounge, update equipment on our elementary school playgrounds, and fulfill teachers' classroom supply wish lists. The funds will be evenly divided between the two campuses and will prepare us for a welcomed return to our normal rhythm of school and community living, when that day comes.

Recognizing that this year has called us to work, study and play differently than we're used to, your community engagement and support remains a source of strength. Thank you for rallying around Seven Hills and participating with us.

Sincerely,

Molly Corrigan
PTA President

Carl Schlueter
Executive Director, SHPA
