

LOCAL LITERACY PLAN

Reading Well By Third Grade [593]

To ensure reading proficiency by the end of third grade, in accordance with Minnesota State Statute 120B.12

Our Mission:

Seven Hills Preparatory Academy engages students in a rigorous Classical education designed to prepare each one for strong citizenship and lifelong learning.

Our Vision:

Recognizing that all students have a right to pursue academic and personal excellence, Seven Hills Preparatory Academy challenges students by providing a caring and structured small-school environment; maintaining high expectations of students, staff, and the community; inspiring critical thinking, creativity, and an appreciation for beauty through active implementation of the core knowledge curriculum and study of the liberal arts; and promoting a strong value system that embraces cooperation, assertion, responsibility, empathy, and self-control.

BLOOMINGTON CAMPUS: 8600 Bloomington Ave. S., Bloomington, MN 55425 | Office: (952) 426-6000, Fax: (952) 426-6020

RICHFIELD CAMPUS: 1401 West 76th Street, Richfield, MN 55423 | Office: (612) 314-7600, Fax: (612) 314-7609

Overview

Seven Hills Preparatory Academy (SHPA) is a public charter school with a Kindergarten - 5th Grade campus in Bloomington, Minnesota, and a Kindergarten - 8th Grade campus in Richfield, Minnesota. Seven Hills opened in 2006 and has grown to over 600 students currently enrolled in grades K-3. *Friends of Education* authorizes and provides oversight for Seven Hills Preparatory Academy. Our authorizer is committed to student achievement and supporting the growth of Seven Hills.

The hallmark of Seven Hills is providing a classical education in an academically rigorous environment. As educators, parents, and a community, our goal is to support all students' literacy development.

Seven Hills utilizes current research and best practice in literacy development stemming from the findings of the National Reading Panel (2000). The five areas of concentration in reading development are phonemic awareness, phonics, fluency, vocabulary, and comprehension instruction. Our selection of Fountas & Pinnell Guided Reading adheres to the findings of the NRP and focuses on areas of reading development.

Seven Hills uses the core knowledge sequence to provide a well-rounded literacy program providing a wealth of literature, rich vocabulary, and extensive background knowledge. Additionally, Seven Hills uses the following curricula: Shurley Grammar-grades 1-3, Words Their Way- K-5, Daily 5- grades K-5, Lucy Calkins Units of Study for Writing Workshop K-5, Song School Latin K-2, Latin for Children- grades 3-4, Minimus grade 5, Scholastic News grades K , 2, and 5. Time for Kids grades 1, 3 and 4. .

I. Statement of Goals and Objectives

Pursuant to MN Statute 122A.06, Seven Hills Preparatory Academy is committed to providing comprehensively, scientifically-based reading instruction so that all students will achieve grade level proficiency and read well by Grade 3.

Seven Hills students receive high-quality, data-driven literacy instruction and are closely monitored to ensure that they are making appropriate progress. Interventions support students who need additional practice and those working above grade level. Teachers

BLOOMINGTON CAMPUS: 8600 Bloomington Ave. S., Bloomington, MN 55425 | Office: (952) 426-6000, Fax: (952) 426-6020

RICHFIELD CAMPUS: 1401 West 76th Street, Richfield, MN 55423 | Office: (612) 314-7600, Fax: (612) 314-7609

have been thoroughly trained in analyzing quarterly assessment data, and families are kept abreast of student progress throughout the school year.

Seven Hills students are assessed according to Minnesota state academic standards. Common assessments are utilized to assess mastery of standards. Instruction is aligned to standards, and teachers modify instruction based on data to ensure standards mastery.

Specific and embedded professional development supports and motivates teachers to champion best practices in planning for and delivering individualized, rigorous literacy instruction.

II. Statement of Process to Assess Students

One of the key contributing factors to the success of Seven Hills is that the entire community supports a rigorous, structured, and disciplined academic program driven by data and assessments. In addition to standardized assessments, student achievement is measured in various ways, both formally and informally. Typically, students are assessed in reading & math to assess mastery of state standards and benchmarks using district-developed interim assessments three times annually. These assessments are the core of our data-driven instructional model. They follow a review process, predictions, analysis, and re-teaching by the classroom teachers. Teachers are guided through data analysis alongside their peer coaches and supported with best instructional practices when re-teaching material.

Data results supporting the success of the programs implemented at Seven Hills can be found in the MCA-III Reading, MCA- III Mathematics, and MCA Science Test results posted on the school's website.

1. Various assessments measure student reading proficiency, including, but not limited to,
 - a. Minnesota Comprehensive Assessment (MCA-III) Reading
 - b. Fountas and Pinnell Benchmark Assessment System 2 (BAS-2)
 - c. Fry Sight Word assessment
 - d. Qualitative Reading Inventory-4
 - e. Interim Assessments (LEA developed)

BLOOMINGTON CAMPUS: 8600 Bloomington Ave. S., Bloomington, MN 55425 | Office: (952) 426-6000, Fax: (952) 426-6020

RICHFIELD CAMPUS: 1401 West 76th Street, Richfield, MN 55423 | Office: (612) 314-7600, Fax: (612) 314-7609

2. Assessments are administered and communicated by literacy specialists and appropriate classroom teachers at the following times throughout the school year and to the following students:
 - a. Minnesota Comprehensive Assessment III (MCA-III) Reading
 - i. Not Applicable in Kindergarten, First, and Second Grades
 - ii. Third, Fourth, and Fifth Grade Students
 - b. Fountas and Pinnell Benchmark Assessment System 2 (BAS 2)
 - i. Fall 2021, Winter 2022, Spring 2022, and throughout the school year as needed
 - ii. Kindergarten, First, and Second Grade students
 - c. Fry Sight Word assessment
 - i. Fall 2021, Winter 2022, Spring 2022, and throughout the school year as needed
 - ii. First, Second, and Third Grade Students
 - d. Qualitative Reading Inventory-4
 - i. Fall 2021, Winter 2022, Spring 2022, and throughout the school year as needed
 - ii. Third, Fourth, and Fifth Grade Students
 - 1.) we only re-assess students if their current proficiency falls below grade-level expectations
 - e. Interim Assessments
 - i. Three interim tests are administered per year.
 - 1.) Kindergarten, First, and Second
 - 2.) The MCA-III item sampler was administered in the Spring 2022 interim assessment in Third, Fourth, and Fifth Grades.
3. MCA-III Reading proficiency is determined by a student's achievement level (summary of the expected knowledge and skills of the typical Minnesota student scoring at the achievement level identified) as measured by their performance on the assessment.
4. For all other assessments, proficiency is expected to meet or exceed building-set proficiency levels, specific to individual assessments and grades.

5. General assessment results are communicated based on quarterly intervals. In addition, classroom teachers and specialists frequently communicate with guardians of students who are not meeting grade-level expectations.

III. *Parental Notification and Involvement*

Seven Hills Preparatory Academy communicates with all families of students grades K-3 regarding literacy development in the following formats: through weekly teacher newsletters that specify what students are learning and working on regarding literacy development, school newsletter – *The Chronicles*, and parent-teacher conferences. These communications include grade-level specific literacy skills such as letter sounds, phonics skills, sight words, fluency, and comprehension skills for families to practice with their children at home. In addition, Seven Hills’ website has teacher links and web pages for accessing additional literacy information. Seven Hills hosts annual curriculum events that educate parents and students in literacy development, such as Civitas Fair, kindergarten round-up, and parent-teacher conferences held in the fall and spring. We maintain nearly 100% attendance at our parent-teacher conferences and take this opportunity to review literacy development, assessment data, and support for the child’s individual growth in literacy.

Quarterly report cards document student progress in all areas of development and academic achievement. Report cards indicate whether a student is exceeding, meeting, partially meeting, or not meeting grade-level benchmarks and/or Minnesota State Standards in reading. Parents receive children’s report cards at parent-teacher conferences in the fall and spring and the second and fourth quarters via mail. Annual MCA results are mailed to children’s homes in grades 3-5 over summer break.

Students identified for remediation in reading, EL, or needing additional support are notified by the classroom teacher for parent involvement in the intervention or EL process. Parents will be given support staff and specialist contact information to follow up on progress throughout each quarter. Student progress is reviewed quarterly with parent notification for feedback, input, and review of assessment data.

BLOOMINGTON CAMPUS: 8600 Bloomington Ave. S., Bloomington, MN 55425 | Office: (952) 426-6000, Fax: (952) 426-6020

RICHFIELD CAMPUS: 1401 West 76th Street, Richfield, MN 55423 | Office: (612) 314-7600, Fax: (612) 314-7609

IV. Intervention and Instructional Support

Seven Hills administers a robust school-wide literacy intervention model. Classroom teachers and literacy specialists conduct individual goal-setting in reading progress and skill/concept mastery. Special education and EL teachers may also participate in goal setting and instructional planning. Teachers communicate student goals with students and their parent/guardian(s) for understanding and home/school support for a child's progress in reading.

Small group reading instruction (i.e., guided reading groups) supports school-wide individualized instruction for all learners. Literacy specialists at both campuses offer Tier 2 and Tier 3 interventions to students across all grade levels.

In addition, some students receive supplementary tiered instruction from special education, EL, and/or literacy specialists. This includes a push-in or a pull-out model as indicated by their level of need and services. Educational assistants are utilized to support reading instruction and assessment of students as determined by the teacher and/or administration.

Collaboration between classroom teachers, special education case managers, remediation specialists, paraprofessionals and administration is necessary for school wide planning of reading instruction. Weekly grade level team meetings, bi-monthly professional learning communities and faculty meetings enhance collaboration school wide. This includes the development of the school schedule for instructional minutes of literacy and provisions for additional services.

Interventions begin in the classroom by the teacher and continue through the literacy specialists, EL, and special education services, as needed. All students have access to instructional support and additional services as needed for their reading development.

Interventions are provided by licensed teachers. Services may be provided within the regular classroom, or outside the classroom as deemed appropriate to meet the individual

BLOOMINGTON CAMPUS: 8600 Bloomington Ave. S., Bloomington, MN 55425 | Office: (952) 426-6000, Fax: (952) 426-6020

RICHFIELD CAMPUS: 1401 West 76th Street, Richfield, MN 55423 | Office: (612) 314-7600, Fax: (612) 314-7609

student's needs. The intervention's duration and frequency depend on individual student needs.

V. Professional Development on Scientifically-Based Reading Instruction

Seven Hills provides professional development in scientifically-based reading instruction for all teachers, with emphasis on students to read well by grade 3. Teachers implement scientifically-based reading instruction and best practices in literacy development for all K-5 students.

Seven Hills has three full-time literacy specialists at our Bloomington campus, and one full-time and one part-time literacy specialists at our Richfield campus who work directly with teachers and students to facilitate reading instruction. Additionally, they provide services for students who need supplemental reading support and/or interventions in literacy skills and concepts.

School-wide professional development in the areas of reading & language arts, include but are not limited to the following:

1. Assessment and Gathering Data -
 - a. Fountas & Pinnell Benchmark Assessment System 2 for reading assessments in K-2 grades, [BAS-2]
 - b. Quality Reading Inventory 4 for reading assessments in 3-5 grades, [QRI-4]
 - c. Interim Assessments- administered quarterly, developed by teachers using MN standards in Language Arts & Literacy, {DDI Model} Bambrick-Santoyo, Paul. (2010). *Driven By Data: A Practical Guide to Improve Instruction*. Jossey-Bass Publishing.
 - d. Minnesota Comprehensive Assessment results for Reading in grades 3-5, [MCA-III]

BLOOMINGTON CAMPUS: 8600 Bloomington Ave. S., Bloomington, MN 55425 | Office: (952) 426-6000, Fax: (952) 426-6020

RICHFIELD CAMPUS: 1401 West 76th Street, Richfield, MN 55423 | Office: (612) 314-7600, Fax: (612) 314-7609

- e. Formative and summative assessments in classroom instruction of literacy
 - f. Informal assessments include teacher observations, running records, sight words, and letter-sound inventories.
2. Implementation of strategies
- a. The Report of The National Reading Panel. (2001),[NRP].
<http://www.nichd.nih.gov/publications/nrppubskey.cfm16>

Five essential components of an effective reading model are phonemic awareness, phonics, vocabulary development, fluency, and comprehension strategies. The literacy specialists provide professional development to teachers and staff, focusing on these components.

1. A Scholastic Guided reading leveled library is utilized for reading instruction in grades, K-5 and includes fiction and non-fiction content. Fountas, Irene, and Pinnell, Gay S. (1996) *Guided Reading - Good First Teaching for All Children*. Heinemann Publishing.
2. *Reading Power* is a resource for teachers in teaching comprehension strategies in both fiction and non-fiction. Gear, Adrienne (2008) *Reading Power*. Pembroke Publishers.
3. *The Daily 5* strategy is used in grades, K-2 for literacy instruction. Boushey, Gail, and Moser, J. (2006) *The Daily 5: Fostering Literacy Independence in the Elementary Grades*. Stenhouse Publishers.

VI. Curriculum and Instruction System

Seven Hills implements the Scholastic Guided Reading Program, whereby teachers support readers' development of effective strategies for processing texts at increasingly challenging levels of difficulty. The teacher works with a small group of children who demonstrate similar reading processes and can read similar levels of text with support.

BLOOMINGTON CAMPUS: 8600 Bloomington Ave. S., Bloomington, MN 55425 | Office: (952) 426-6000, Fax: (952) 426-6020

RICHFIELD CAMPUS: 1401 West 76th Street, Richfield, MN 55423 | Office: (612) 314-7600, Fax: (612) 314-7609

The ultimate goal of guided reading is to help children learn how to use independent reading strategies successfully. The guided reading program is aligned with core knowledge that focuses on building knowledge and greater understanding in a systematic, structured, cohesive, and consistent manner. The program further instills a lifelong interest in reading and literature in the young reader.

1. Word Study: Kindergarten through Fifth Grades

Words Their Way is a framework that provides a developmental approach to phonics, vocabulary, and spelling instruction and offers a teacher-directed, student-centered plan for word study.

2. Grammar: First through Fourth Grades

Shurley English is a sequentially oriented curriculum that incorporates rhythm, repetition, and student-teacher interaction in teaching all aspects of grammar, incorporating Minnesota State Standards.

3. Writing: Kindergarten through Fifth Grade

In Kindergarten through Fifth grade, Lucy Calkins Writer's Workshop is used as a resource to implement writing instruction.

4. Classical Literature: Kindergarten through Fifth Grade

The school's mission and vision statements contemplate in-depth studies, as appropriate at each grade level, of the volumes of classical literature comprising a *Core Knowledge* library appropriate at each grade level. Including original texts such as the Declaration of Independence. Literature in a fully integrated classroom supplements the core knowledge sequence and dovetails with the Scholastic Guided Reading Program.

VII. Student Support System for EL Learners

Seven Hills assesses all English learners using the WiDA-ACCESS Placement Test (W-APT), ACCESS, and the Alternate ACCESS. The W-APT is the placement test used to screen students for English Language proficiency. Students who have been identified

BLOOMINGTON CAMPUS: 8600 Bloomington Ave. S., Bloomington, MN 55425 | Office: (952) 426-6000, Fax: (952) 426-6020

RICHFIELD CAMPUS: 1401 West 76th Street, Richfield, MN 55423 | Office: (612) 314-7600, Fax: (612) 314-7609

as English learners will be administered the W-APT in the fall of the incoming year. This placement test identifies the level of development in English Language acquisition.

Assessing Comprehension and Communication in English State-to-State for English Learners (ACCESS for ELLs) is a secure test given to students K-12, identified as EL learners. Indeed, if EL students receive additional special education services, they may be eligible to take the Alternate ACCESS test.

Our EL interventions are administered by two full-time EL teachers (one on each campus) and an additional part-time EL teacher at our Bloomington Campus. EL staff provides small group and one-on-one support to qualified students.

W-APT test items are written from the model performance indicators of WIDA's five English Language Proficiency (ELP) standards: Social & Instructional Language, Language of Language Arts, Language of Mathematics, Language of Science, and Language of Social Studies.

Test forms are divided into five grade-level clusters: Kindergarten, Grades 1-2, Grades 3-5, Grades 6-8, and Grades 9-12

Each form of the test assesses the four language domains of Listening, Speaking, Reading, and Writing. The W-APT is designed to be individually administered and adaptive, meaning that parts of the test may be discontinued when students reach their performance "ceiling." www.wida.us

Based on placement tests and ACCESS results, students identified as ELLs will receive services. Currently, 15% of the LEA's elementary school population receives EL services. For 2021-2022, test results from ACCESS are shared with teachers to help continue the development of our EL program.

VIII. Communication System for Annual Reporting

Seven Hills Preparatory Academy will post the local literacy plan on the school's web page at www.sevenhillspreparatoryacademy.org. Our campus principals and assistant principals will be designated as the official contacts for our reading program. Plan changes or updates are posted accordingly. Data submissions are sent to the Minnesota

BLOOMINGTON CAMPUS: 8600 Bloomington Ave. S., Bloomington, MN 55425 | Office: (952) 426-6000, Fax: (952) 426-6020

RICHFIELD CAMPUS: 1401 West 76th Street, Richfield, MN 55423 | Office: (612) 314-7600, Fax: (612) 314-7609

Department of Education on reading progress and student achievement as required by MN Statute 120B.12.

Seven Hills submits an annual report to Friends of Education, the MDE, and the Office of the Commissioner. The annual report is posted on our website.

The school reports assessment and student achievement in reading to the parent community and the public through the school newsletter, *The Chronicles*, and our school website.
